#### APRIL 2013 MEETING:

The April 9, 2013 meeting will start at 6:00 p.m. in the Vanderburgh County 4H center banquet hall. As normal the business meeting will roughly run from 6:00 until 6:30 and Mr. Elvin Reed will host a Chip Carving mini seminar starting after the business meeting. Please join me in thanking Elvin for hosting this seminar.

A very special thank you to Marvin Daniels for hosting last month's mini seminar.

If you have a carving related item (wood, tools, books etc.) that you would like to sell or trade please bring them to the meeting. We will set up a table for this purpose as we have in the past. Please put your name and the price you are asking on the item. If you purchase an item please settle up with the person that brought the item.

Please remember to bring an item for show and tell.

**A Reminder:** If the Vanderburgh county school system cancels or closes school due to bad weather on a club meeting day we will also cancel our club meeting for that day.

#### SHOW:

Ornament cutouts are in the library. Please pick up a couple to work on for the show in October.

Please bring any show yard signs you have to the next club meeting. We would like to get started assessing their condition and getting them ready for reuse this year.

#### INFORMATION:

The March meeting minutes have been posted on the club web site. Thanks to Neil Ward. Please visit the club web page (address in the header of this document) for meeting minutes, seminar schedule, club history and other information.

**Did you know:** The club offers \$25 to those that present a program at a monthly meeting? If nothing else this offsets the cost of yearly dues.

#### 2013 SEMINARS:

Steve Brown has offered to have a carving seminar this year. The date has been set for August 24 & 25. Please mark these dates in your planner. Steve has added to his roughouts and acquired the Bishop roughouts. This should be a great seminar.

Floyd Rhadigan has offered to have a carving seminar following the 2013 show. Several of us attended Floyd's seminar this year and can highly recommend attending if you can.

Steve Oliver has offered to have a carving seminar this year. Dates and topic to be determined.

I have received the following list of additional carvers / artists that club members would like to have offer seminars. **Please look over the list, scan the artist's web sites and come to the meeting prepared to discuss who we should consider adding to the list and or contacting for next year.**

# SCRIBBLES:

As stated earlier, I do not draw, I scribble. With that in mind, I am including one of my scribbles here. One of my goals for 2013 is to start doing my own designs. Since Arbor Day is this month I scribbled this snowcapped pine, belly laughing at the groundhogs prediction for spring. You can carve him and paint him up as you wish.

The scribble was sized to be done on the end of a 1 1/2" X 1 1/2" basswood stick. At that size the face view and profile can be cut out with a scroll saw.

The following are pictures of the cutout as well as a finished carving.

Please feel free to carve this scribble and let me know if you have a scribble you would like to share or if you have an idea you would like to see as a scribble.

Let the chips fall where they will. We will find a broom and dust pan somewhere.
